Advanced Furniture

## ESTABLISHED IN 1979 ADVANCED FURNITURE IS A LEADING BRITISH MANUFACTURER OF EDUCATION & CONTRACT FURNITURE.

Our modern 100,000 sq ft facility has extensive manufacturing capacity Including:

Tube bending and fabrication,

Injection moulding,

Design and development

Powder coating.

Woodworking.

Upholstery.

Final assembly.

### MADE IN BRITAIN

We are a proud British manufacturer employing around 85 local people.

Wherever possible we look to source material locally.

### ACCREDITATION

Our products have been tested or comply with BS EN1729.

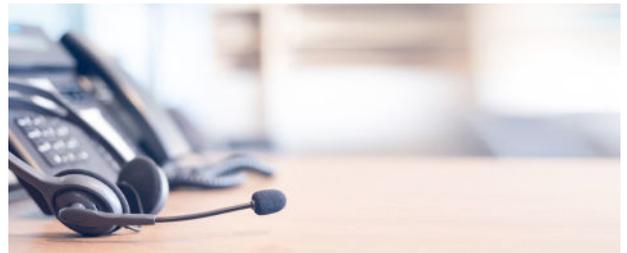

When designing new products we always take into consideration all the required European and British standards.

### SERVICE

Advanced Furniture is committed to offer a market leading level of customer service and support.

Through our efficient order and manufacturing systems we aim to deliver goods in a speedy efficient time, we also keep large stocks for improved lead times.

Manufactured in Great Britain

### ENVIRONMENT

We have invested heavily in new modern machinery and vehicles. We recycle the majority of our waste.

Our factory has been designed to be energy efficient with LED lighting and extra insulation fitted reducing Carbon emissions.

The factory roof now has 220kw of Solar power which will produce over 34% of our energy requirement, the system produces 170,000kw hours of low carbon clean power - this is enough to power 48 homes for one year.

In 2022 we were formally certified as a CARBON NEUTRAL company to the recognised standard PAS 2060:2014

## CARBON NEUTRAL

As one of the leading manufacturers of school and educational furniture in the UK, we recognise our responsibilities to help protect the planet for future generations, we believe we are the first and only manufacturer in our sector to achieve carbon neutral status. We are totally committed to continually improving all environment procedures, we have reduced waste and reduced our CO2 emissions by over 330 tonnes per year. Achieving carbon neutral status isn't however the end of this journey merely the start, we will continue to improve and invest with the future aim of achieving net zero carbon.

## CARBON OFFSET PROJECTS

As a business we have assessed our carbon footprint and are taking the next steps to reduce and offset our emissions to become net zero. Carbon offsetting plays the role of balancing out the emissions that have already been caused, by financially supporting projects around the world. These are the projects that we have invested in:

Methane Gas capture  
Bulgaria

Reducing Deforestation  
Cambodia

Renewable Energy  
India

### Orders

Orders are received by email or fax and must be received with all required information product type size colour etc. before they will be acknowledged. The order will not be processed and the lead time for delivery does not commence until all details have been received from the customer. All orders are confirmed by email stating week of delivery within 24 hours of receiving the order.

The lead time on our deliveries change every day but are typically 2/3 weeks November to July and 4/6 weeks August to October. Delivery dates are estimates and we will not be liable for any costs incurred by our customer or a third party for failure to meet an estimated delivery date.

**Orders under £500 incur a £55 delivery charge.**

### Delivery

Deliveries are made to tailgate of our vehicles it is the customer's responsibility to take goods into the premises unless this has been arranged prior to delivery. A cost will also be agreed for this at the time of placing the order. All deliveries to Scotland, Ireland and the islands around the UK come with an extra delivery cost which is agreed at the time of order.

As there can be slight variations in the exact colour of raw materials in the market place, we can not 100% guarantee colour matches between orders.

Goods must be checked for quantity and any damage within 48 hours of receipt. Any discrepancies must be notified by phone to our sales office at 01685 845 100 but must be confirmed by email to sales@adv-furniture.co.uk

### Faulty Goods

Please notify us as soon as possible on any product quality issues. Goods carry a 5 year warranty and have been generally tested to EN1729 part 1 and 2; If the furniture is used in the correct manner there will rarely be any problems. All furniture can be damaged if not used and handled correctly.

### Cancelled Orders

All items are made to order and are not returnable. Orders cancelled are charged at 100% of the order value.

### Pricing

All pricing is generally agreed every year with all our customers no orders are processed unless the orders are received with the correct agreed price. All pricing is excluding VAT. Customers who are not exempt will be charged VAT at the appropriate rate.

### Payment Terms

There are various methods of payment. We send you an invoice and you can pay by cheque, bank transfer or any major credit card and there will likely be a charge for using credit cards.

If we agree credit terms all accounts are strictly 30 days nett from month end.

All goods Sold to the purchaser remain the property of Advanced Moulds Ltd. until all outstanding debts have been paid. Goods should be in a location in such a way that they are clearly the property of Advanced Moulds Ltd. until all debts are paid. Goods may be collected by us if payment has not been made to the agreed time limit.
